

# gardenroots

*The Apache County Garden Project*

## *Project Methodology*

Mónica Ramírez-Andreotta  
University of Arizona  
Department of Soil, Water and Environmental Science  
1177 E Fourth Street, Rm. 429  
Tucson, AZ 85721-0038

*Thank you for participating in Gardenroots: The Cochise County Garden Project.*

The front of the postcard displays the Gardenroots methodology and current status of the project. It is estimated that it will take a minimum of one year to complete Gardenroots.

The scientific method does takes time and your ongoing involvement and patience is greatly appreciated.

Please feel free to contact me anytime,
